

ÆMBLCK

bio

Born in 1983, Stuttgart-based Matt alias **ÆMBLCK** has been DJing for over 20 years now, being a household name both in and outside of the LGBTQ+ party scene. He recently made the switch from Mainstream-centered tunes to the world of electronic music, focussing on building live sets with a mix of **Tech House, Bass House, Indie Dance and Melodic Techno**. His sets (mostly between 125 and 135 BPM) are a full journey, crafted to make the people on the dancefloor go on a ride through electronic sounds, pumping bass and driving basslines. In addition, his sets are primarily but not exclusively built for **LGBTQ+-audiences**, combining both well-known songs and hidden gems from all electronic genres.
